

Town of Holbrook  
Board of Health  
50 North Franklin Street  
Holbrook, Massachusetts 02343

Tel: 781-767-3030  
Fax: 781-767-9562

The Town of Holbrook Board of Health is sponsoring a Household Hazardous Waste Pickup on Wednesday, May 18th, 2022. This will be a mobile event. Waste pickup services will be performed on May 18<sup>th</sup>, 2022 between the hours of 7am and 5pm.

All waste items should be placed outdoors **before 7:00 am** the morning of the pickup in a secure location (ex: Outside Garage Door, or On Front Porch). Residents must store waste items in a manner that prevents spills/ releases of hazardous waste to the environment.

DO NOT place waste items on the sidewalk or curbside - items must remain at or near the residence. DO NOT place materials outside for pick up prior to the morning of the pickup date.

Waste pickup service is available to residents of the town of HOLBROOK only. Residents may discard up to 25 gallons or 25 pounds (which is less) of household hazardous waste items during the pickup event. Residents SHOULD NOT mix chemical waste items together - this is dangerous and could result in injury.

Residents must present waste items to ACV Enviro waste pickup staff in closed / sealable containers (example: buckets of oil with loose-fitting lids are not acceptable). ACV Enviro is not responsible for property damage resulting from hazardous waste spills that occur before ACV Enviro accepts custody of the discarded materials

Residents who wish to take part, sign up at:
