Holbrook designated moderate risk -COVID-19 Community Level Data Map

September 3rd 2020- "The Commonwealth is reporting enhanced community-level data on key COVID-19 metrics as part of the Baker-Polito Administration's efforts to partner with cities and towns to slow the spread of the virus.

Based on the average daily cases per 100,000 residents, each city or town has been designated as a higher risk (red), moderate risk (yellow), or lower risk (green) community. Communities with fewer than 5 cases are not given a designation".

The Town of Holbrook recently was raised to moderate risk (yellow).

The Town of Holbrook total test count as of right now is 3,174 where 214 tests have come back positive since March 2020. Over the last 14 days, 409 tests were taken and 8 have come back positive; that is a rate of 1.96%.

While the moderate risk designation may sound worse than it is. The Town of Holbrook as of 9/3/2020 only has 6 active cases of COVID-19.

While 6 cases is low; it is vital to practice social distancing, wear face coverings, and follow all of the guidance; especially during the Labor Day holiday weekend.
